DATE: Feb 2, '04	<b>B R F</b>  <b>HERRINGBONE GLASS YARN PATTERN TAPE UNIDIRECTIONAL ROVING CORDS</b>	Codice	BGBRF10
Pag: 1/1		Scheda tecnica	40 5 3 BRF GB
		Gruppo	I

## DESCRIPTION

Unidirectional glass yarn roving cords,  
herringbone yarn pattern woven  
with a glass yarn.

## APPLICATIONS

Stuffing, blocking coils of flat copper in generators  
construction of composites, tanks, etc.

## PROPERTIES

BRF tape is high conformable, easy to bend in  
small radius, high absorption properties of epoxy  
and polyester resin. After impregnation and curing  
it shows very high tensile strength.

**THERMAL CLASS: TI 220 C°**

## TECHNICAL DATA

Reference	U.M.	BGBFR
Width	mm	10
Weight	g/m	12
Thickness	mm	0,95 ÷ 1,15
Breaking resistance	da N	420
Elongation	%	2

## AVAILABILITY

On plastic bobbins with flanges of 500 mm. Height 210 mm.  
Inside diameter 25 mm / Outside diameter 200 mm.
